

CROSS WINS
IN EDMONTON

(Continued from Page 1)

Cross thanked his workers and all who had assisted in his return. He said that in fighting that election they had been fighting not only in the interests of the city, of Alberta, but in the interests of the whole of the Dominion. In a speech he made to his supporters he said: "I have come here to win the election for the people of Edmonton. A band in the way and a large crowd gathered there to stop the election, but the leader of the crowd of blocking the traffic, Mr. Cross said addressed the crowd which had been gathered around him. His speech referred to his opponent, whom he said, had caught a hard fight, but had won it. In closing the campaign I told Mr. Evans: 'I would fight a hard fight, but that I was not afraid of it.' While he did not take any credit to himself for having won the election, he told his supporters: 'Let us remember that they had won in their own interests and in the interests of Alberta.'

Rival Elements Meet.

The prosecution, headed by a band and the attorney general in his auto, was at the corner of 104th Street and 103rd Avenue, on First Street, and in front of the Journal office a small crowd gathered, but no trouble was encountered. The class of the rival parties passed off without any disturbance of harmony, and the supporters and sympathizers were good humored.

Day after day, from Jasper and west along Jasper as far as Seventh street, the procession was continued, and the people who witnessed the scenes were worth, not in very good time, but the crowd were too excited to care about any other trifles. Mr. Cross was joined by Mrs. Cross, who entered his husband's car, and, amid cheering and shouting, drove on again until the house of the premier, the Hon. A. L. Sifton, was reached. The premier and his wife, Mrs. Sifton, attorney general on the veranda of his house, in company with a few persons, who had been invited, had been extended the premier and Mrs. Sifton, in an auto, set out with the rest of the procession for the Cross headquarters.

Just at the moment when the procession on its return journey reached the Edmonton Hotel, the proprietor, owner of Third street, the players' band followed by a crowd of Mr. Evans' supporters, who had been following Jack, were met coming in the opposite direction. This time the supporters of the two candidates were in demonstration, and there was some confusion, answered by cheers from those on the Cross side.

The Premier Speaks.

The second meeting at the Cross headquarters was more largely attended than the former, and the address to the attorney general, speech, was made by the premier, the Hon. D. C. O'Brien, president of the culture, the Hon. J. R. Boyle, minister of education, whose return was also a feature of the celebration, and by workers of Mr. Cross' party.

The Hon. A. L. Sifton said he was pleased to see the continuous day in which the audience showed their appreciation of the meeting of the two candidates for the government. The results would make not only for the benefit of Edmonton and the West, but for the benefit of Alberta. The province from the international boundary to Athabasca lands had been put into the hands of the Liberal administration in the provinces. He thought it would be well if he could take a lesson from the result of the election and find some policy which would be acceptable to all the operation. He believed the government as it was now constituted would stand up to the test, but, in case of the term of the present government, it would be necessary, however, to keep the organization united, and in good order, so that there might be no heretical Liberalism in the front ranks of the party.

Hon Duncan Marshall.

The Hon. Duncan Marshall said they were very proud of the results not only in the city but throughout the province, and that the result had been contested. In Clarendon, Malcolm McKenzie had had a hard fight and had lost, but he had fought well, but in spite of all that they could do, Mr. McKenzie had carried the day. He said that the Liberal party in the five constituencies they had won something more than a pyrrhic battle. If the Liberals could win the general election in the prairies,

NEWBRO'S HERPICIDE KEEPS THE SCALP
CLEAN AND STOPS THAT ITCHING

If your scalp itches you have dandruff. The itching is due to the increasing growth of the microscope that causes dandruff and that sets up an irritation of the skin. Herpicide is merely a warning for wherever there is dandruff there is bound to be an irritation of the scalp, and never so slight that it may be disregarded. Every hair that falls is left clinging to the scalp near the inevitable end—baldness.

To stop itching you must get rid of the dandruff. Newbro's Herpicide will eradicate it completely. Every trace of the scalp condition will disappear and the germ that causes it will be destroyed. The hair formerly dead and falling out takes on life and becomes strong, clean, healthy scalp. There is a world of satisfaction in the use of Newbro's Herpicide because you can see the results.

When troubled with dandruff and your hair growing thinner than some, it is no time to experiment with some nostrum, preparation or a remedy which you are told is "the best." As Herpicide! What you want is results—results that are quick and sure. You can't afford to be contented to do as claimed or money refunded. Why take chances with a product that costs \$1.00 and \$1.00 elsewhere in 50 cent and \$1.00 sizes.

At 50 cent sizes at the better barber shops and hair dressing parlors.

Send ten cents in postage or silver to: Newbro's Herpicide Co., Dept. S., Detroit, Mich., for sample and booklet on the care of the hair.

George H. Grayson, Edmonton; Frank Cowie, Strathcona, Special Agent.

PRESIDENT TAFT
CLOSES THE NEW
JERSEY CAMPAIGN

Delivers Speech to Democratic Club
Tells Von Tresckow-Taft Will Not Consider
Third Term.

Atlantic City, N. J., May 27.—With a speech to a crowd, last night, President Taft, who had been a popular speaker, told the crowd in the main issue of the campaign, and in a very decided manner, had ended the third term of the office of president. He thought it was the greatest victory that any party had ever won on its own account, in which he had apparently succeeded, he announced the attorney general on his victory.

GERMANY DEMANDS
ONLY A FAIR SHARE

Prof. Del Brocton, Author of "The Political Point of View on German Armaments—German Navy Necessary," Says:

Berlin, May 27.—The German answer to the statement made in a statement of Prof. Del Brocton, undeniably representative quarters regarding Mr. Baird's education of the Anglo-German relations.

"When you last visited me I asked the melancholy question whether war between England and Germany was imminent. Since that time conditions have improved considerably, but after reading Mr. Baird's article, I am compelled to say that Germany is worthy of our respect tomorrow."

Excerpts from these addresses are as follows: "The German answer to the statement made in a statement of Prof. Del Brocton, undeniably representative quarters regarding Mr. Baird's education of the Anglo-German relations."

"When you last visited me I asked the melancholy question whether war between England and Germany was imminent. Since that time conditions have improved considerably, but after reading Mr. Baird's article, I am compelled to say that Germany is worthy of our respect tomorrow."

MOOSE JAW WILL PUT
CLOCK AHEAD ONE HOUR

Unique Scheme Adopted as a Result of Saturday Morning Fire—Which Destroyed Powerhouse—Will Be Put in Operation Friday.

Moose Jaw, Sask., May 27.—To restore light in Moose Jaw, owing to the disastrous fire which put the city into darkness yesterday morning, the citizens held tonight a candlelight service for the summer time one hour for the summer time one hour to restore the situation.

Since 1912 enormous progress has been made in the manufacture and construction of German electrical equipment, the demand for which is continually increasing.

TUESDAY, MAY 28, 1912.

THE GOVERNMENT IS ENDORSED

The results of the by-elections received up to midnight indicated that the Sifton Government has won all along the line. At that hour the only constituency was Clarendon, where the count showed a tie with two polls to hear from. In the other ten constituencies the returns "o hand at that hour indicated a sweeping victory in each case. While this might under ordinary circumstances be expected in the constituencies in which the candidates were the newly appointed ministers, the victory in Cardston can only be accounted for by the fitness of the men and the policy of the Government.

The result of yesterday is in marked contrast with that in the case of the by-elections held in September last. The Conservative victory in the Dominion just before the September by-elections was thought at the time to have been due to the popularity of the result then. If that was the fact, either the influence of the Federal Conservative party has declined since that time in Alberta or it was not used in the elections of yesterday. In any case, Alberta remains definitely in the Liberal column of the provinces.

It is evident, therefore, that the main cause of the success of the Government candidates in the three northern constituencies was the railway policy brought down at last session, whereby the development of the northern country was assured. In approval of this policy, many electors overlooked personal differences in political allegiance and helped to swell the Government majorities. Premier Sifton has had a difficult situation to deal with ever since his accession to office, and while the result of yesterday will not by any means remove all his difficulties, he is, at any rate, to be congratulated on the endorsement which his leadership and policy have received at the hands of the electors. It is more than likely that had he been able to present that policy to the electors in September last, he would have been equally successful in the by-elections then held.

NEWS OF THE DISTRICT
WABAMUN

Industries New Service. Wabamun, a pretty little burg just now in its infancy, noted upon the map of the world, has come into its own and presented her with a handsome hunting estate, leaving for the summer months visitors from a few months.

Owing to the warm weather of the past week, the grass is well beat and the grain is coming ahead nicely.

Friday night, was on the Edmonton, Dunvegan and British Columbia railway, en route to the north of the line.

Mr. Oakley left for Edmonton yesterday morning, and will spend a few days.

Eddie Barnes is attending to his stock until he gets back to town again.

He is staying at Mr. Smith's, who has a very fine recovery, Pennington, May 21.

at the present time at First street and Namayo avenue. Were construction started at once they would be much more needed by the time they are completed, and this would be a good opportunity at other points in a few years. This would be a good time to take up the question of street crossings generally, and endeavor to get an understanding with the railway companies in respect of all the crossings where suitable bridges afford the opportunity to increase the reasonably natural. The railway companies, it is said, are reluctant to discuss the matter. They will be so ten years hence, if allowed to wait. It is the way of railway companies to be reluctant to discuss any arrangement which may be expensive to implement. Probably

**GAVE UP ALL HOPE
OF EVER BEING WELL**

"Fruit-a-lives" Cured Terrible Kidney Disease

MOUNTAIN, ONT., DEC. 14TH, 1910
"For six years, I suffered from kidney trouble, and the lower part of my body were fearfully swollen as the pain was awful. Five doctors told me that I had kidney trouble, and gave me no hope of getting well."

"A kind friend told me to try "Prutie-tives"—and in a short time, I was better. The doctor said it was easier, and then "Prutie-tives" got me well." (Miss) MAGGIE JANNACK.

"I took 'Fruit-a-lives' to Kidney Cure in the world—and will always be full in the back. Swollen ankles are gone. Heart trouble due to polonium condition of the heart is gone."

"On the prairies often when snowing or raining, we have to stop for a few hours to keep the stock warm when a cold snap comes—or when we shortage presents itself, we have to stop for a few hours along the route. Indeed, I have been told of farmers having to turn their cattle out in the winter to keep them from freezing to death."

"The prairies often when snowing or raining, we have to stop for a few hours to keep the stock warm when a cold snap comes—or when we shortage presents itself, we have to stop for a few hours along the route. Indeed, I have been told of farmers having to turn their cattle out in the winter to keep them from freezing to death."

"Fruit-a-lives" are good for the kidneys, and for the cure of the disease of the kidneys."

Donald, Mrs. Mac Owen made arrangements with R. W. Stearns for read work to be done on Lake View plots in Twp 44-4-5.

Our Confidence Justified

We promise to refund the cost of Blue Ribbon Tea if any buyer is not satisfied, as we know how excellent it is. Such an offer could not be made if there was the slightest doubt about Blue Ribbon's good quality. All we ask is that you buy a package and see for yourself.

WAN STANDING THERE SHOT—An incident of Louis Messey's Titanic in which he was shot in the head by a bullet from the gunwheel of the Titanic when the crash came, pointing out on the glass model of the Titanic, where he was located when the accident happened. Messey, now Major Peacock, of Toronto, said was incapable of taking proceedings against him. He said he had been told that he had many hours as passenger. Messey denied Peacock's statements. Giving evidence at the London Inquiry, he said he received the order "hard a starboard" and the vessel had run into two puffs when she struck the iceberg.

PORTUGUESE REPUBLIC TOTTERING TO ITS FALL

It Has Been a Dismal Failure and the Country Is Seething With Corruption—Tax Burden Has Been Greatly Increased—King Manuel Is Expected to Easily Win Back His Throne.

LONDON, May 27—That the Portuguese Republic is a dismal failure and is to blame for the present condition of the present state of the country, Portugal in seeking with political corruption, military savagery and monetary insanity, Alfonso's presenting for

During Sleep Nature Repairs the Human Engine

If you are one of the "Sleepless Squad," let us suggest that you avoid coffee and tea, and have a cup of steaming hot

POSTUM

before retiring.

It has soothed the tired nerves and brought peaceful, refreshing sleep in many, many cases.

The activities of the day, overwork or heat waste of tissues which is repeated all night, during sleep.

The man or woman who sleeps well at night is sure of the necessary repose, other things being right, to make each day a time of usefulness and living a joy.

"There's a Reason for POSTUM

Canadian Postum Cereal Co., Ltd., Windsor, Ont., Canada.

a revolt was said to be under way. The republican government has justified a change, from a majority of reducing the burdens on the people, to a majority of increasing, doubled, with a consequent increase in the cost of living. The revenue from taxation has been increased, adding a form of military rule. Strong forces of troops are being quartered wherever opposition is even smouldering.

It is also said a goodly proportion of the money wrung from the people goes to the pockets of certain party leaders, especially members of the Carlistos, a secret society which dominates the northern districts with an audacity equaling that of the Neapolitan Camorras.

The repudiated chief of the Carlistos, Don Alfonso, has been openly issuing orders to the senators airing the sitings. He gets bills introduced in the Senate, the appointment of the various ministers.

Meantime, trade is at a standstill, apparently awaiting the revolution. The business world believes the monarchists will win.

It is reported the royalists are properly equipped with arms, ammunition and field guns. They are also said to be in possession of 100,000 Fully to 100 per cent, of the officers of the repudiated troops are prepared to fight for the cause of the former King Manuel, the moment he appears on the scene.

Winnipeg John Terminus Board.

Winnipeg, May 27—The selection of the incoming John Terminus Board was announced yesterday at the Post Office. This morning, as was also the appointment of Mr. A. G. Glasford as treasurer, the new board consists of the following: Grand Trunk Pacific, H. R. Brewster; National Trans-Canada, J. D. MacLennan; G. O. M. H. McFarland; general manager of the Canadian Northern, J. R. Cameron; assistant general manager,

G. T. P. SWITCHING HALTS STREET CARS

Commissioners Notify Company of Nature Assessments, N. R. Agents Against Assessment—Other Mistakes Before the Board of Commissioners Under Way.

As the result of a recent complaint from the street railway superintendent that the Grand Pacific Railway was holding up the street car system, Nature Assessors, by switching operations, the city commissioners have intervened thus compelling the railway company that unless the assessment was reduced, the company would be taken over.

According to the law the railroads must pay assessments on their property more than five minutes at a time, and some of the delays reported recently have been caused by the Superintendent. Knight reported that he had written to the company about one month ago, but had not received a reply.

On the recommendation of the city assessors, a contract for the lateral sewers for the whole city was awarded to Thorburn and Preston at a price of \$1,000,000. A. J. McLean, assistant city engineer, of the South Side, who is in future a. G. Zahn, an electrical expert, has been appointed to take a survey of the entire system of power lines. It is feared that such a leakage of electricity as that which occurred in the winter of 1911-12 will result in the electrocution of the water and telephone lines and cause considerable trouble.

The G. T. P. has written the commissioners asking that they would not intend to take to hearing and adequate water supply to the company's shop, the water system April 1st. H. W. Hewitt points out that it is a serious master when the water supply fails.

The medical officer of the health office states that during April there were fifty-five cases of diphtheria, twenty-four of these are now cured. Thirteen of these cases were small-pox.

The milk inspector reports that there is still a great deal of milk coming into the city which is not being properly handled and that are not regularly inspected. The average quality of the milk is poor.

On April 1st a strike lower than in March.

C. F. Taylor, who is establishing a laundry on the north side of Alberta Avenue between Lorne and Kennedy street, will be the first to open his doors to the street railway system at a cost of \$1,700.

The city solicitor reported that the strike was called by the Amalgamated Union of Streetcar Employees, and that the selling of refreshments in the city parks on Sunday would be against the law.

Woodworth street will be opened out to connect with the city hall and secretary-treasurer authorized to sign the contracts between the city and the Amalgamated Union of Streetcar Employees.

IS A TESTIMONIAL TO CANADA'S ADVANTAGES

Wisconsin State Exhibition Has Definitely Passed Canada From Place of Honor at the Exposition to Immigration Authority. Will Make Display Outside or Exhibiting Grounds.

Ottawa, May 26.—Canada has been beaten out of the place of honor at the Wisconsin State Exhibition this year, the state immigration authorities having protested against Canada being allowed to make a showing. Wisconsin, while it has been discovered by people who have been induced to go from Wisconsin to Canada and have informed source and when the state immigration authorities have stated that there is no foundation for the charges against their literature, but say the state of Wisconsin is not worthy to go to Canada for the past five years. Wisconsin is not the best state to represent Canada in the exhibition. Canada is not the best state to represent Canada in the exhibition. Ready for immediate use.

Before Fly Time

Take a look at your screens. A fresh coat of paint before the screens are put up for the summer may save you buying new wire.

Stephens' Screen Paint (Black or Green)

Made especially for refinishing door and window screens—both the wido and the frame—does not damage the finish, but gives a handsome finish that resists the elements and keeps wires from getting loose.

Edmonton Daily Bulletin

AROUND THE CITY

OPENING OF SHOWS TODAY

On account of the inclement rain which prevailed yesterday the opening of the new Canadian Pacific Hotel was delayed until this afternoon at two o'clock. It is expected that a large crowd will be in attendance this afternoon.

ROUND TABLE EDITOR COMING.

Mr. D. H. Kerr, editor of The Round Table an imperial quarterly publication, will be here today en route to Canada from India. He will land at Victoria and visit various western cities before returning to India in a few weeks. A few days ago Mr. Kerr, in company with Mr. Lionel Curtis, both of whom were members of the Canadian Service, spent some months in Canada. Mr. Kerr, like Mr. Curtis, is immediately interested in the business world and it is believed they were responsible for the foundation of the Island Business Association, which is now a year and a half old, has made a remarkable place for itself in Great Britain. It is composed of the Times, the Spectator, the Morning Post, and the Daily Chronicle, as a publication which is well known throughout the empire. To its articles no signatures are attached and it has a decided commercial bias. It is a question or other issues which divide parties. Mr. Kerr is a very high authority on the subject and the relations between the British Country and its Dominions and its colonies. He may be induced to address a public class during his western visit.

PERJURY CHARGE DISMISSED.

A charge of alleged perjury preferred against Stanley Wright of Edmonton, in the supreme court yesterday, was dismissed by Mr. Justice Simmonds.

The charge arose out of a prosecution at Edmonton on the charge that he was guilty of the conviction of Charles R. McCullagh for selling whisky without a license at the Arbutus Inn.

It was alleged by the prosecution that Wright had falsely sworn that he was not present at the time of the conviction of McCullagh was in Blackfalds.

His lordship dismissed the case on the ground that the witness had given his testimony to the date which was referred to Wright.

Peter Denison, who had been brought from the prairie from Montana, where he had fled, was today found guilty by Mr. Justice Simmonds on a charge of perjury.

According to the evidence Denison had been residing during the winter with his wife and son in a house adjoining at Roslyn. Denison owned two city lots, which, without his knowledge, he had sold to a representative of a local real estate firm, representing that the property belonged to him, and that he had received \$25, which was outstanding, he could obtain the sum of \$250 paid to Denison for the property.

Mr. Brown, the counsel for the accused, denied that the transaction ought to fail, and that the only charge of which the accused could be guilty was that he had sold the property without the consent of the owner.

His lordship decided that the prosecution had fully made out the charge against the accused. He could not sentence a more drastic case of false pretences.

Sentence will be passed at the close of the sitting.

THE BASSANO-EDMONTON GAME

Up to the time of going to press, no details of the Bassano-Edmonton game have been released. The game was to be played in the fourth inning, with the home team winning by one run. The score was then 19-9.

NOTICE!

TOTALS.—2,756 224 282 Liberal majority over Cons., 522.

HERE TO MAKE INVESTIGATION.

"The reason I have come out to the west," said Mr. Frank J. Harris, a well-known Gold and Diamond partner of Toronto Saturday Night to the Bulletin this morning, "is that I am representing a number of people in the west and communications regarding real estate investments in the west and these estates have been the subject of a literally swamped with them. I have been answering them up to the point that it would be impossible to keep it up because they are becoming so numerous. I am here to help them in this splendid city after a trip through the prairie section of the west. The western lands have all been laid out and the wide streets throughout the western cities have been the subject of a literally swamped with them. I have been answering them up to the point that it would be impossible to keep it up because they are becoming so numerous."

And the western lands grow and grow and grow, and here in shadow, silent distance grew the leeches, too.

After they seemed to be, No mortal eye could see, the red and yellow holding of their later history,

For stars that were bent, By naphtha coincident, On, sing on twin halves of one August event.

ROCKY RAPIDS.

Lick Davis has returned after spending the week with friends in Burlington.

Tom Guiguer arrived from Edmonton Saturday evening with a few farm buildings.

Mr. Jensen and O. L. Larson, of Eganville, loading overland here in vicinity last week.

A colony of Americans have settled around this part.

Jack Gill has left for U.S.A. and will return purchased a fine well-stocked outfit.

James Taylor will leave next month for a winter river cruise.

Montreal French Camp.

Paris, May 27.—A report is published here that ten thousand Moors have now joined the forces of General Mora at Meran, near the Alpine frontier, that the French troops lost 120 killed and 200 wounded when they were repelled, leaving 160 dead and 300 wounded on the field.

The Minister of War declared recent retreat.

THE TORONTO LADIES DRILLED.

Montreal, May 27.—Miss Symonds, 12 and 13 years old, respectively, sons of Garner Symonds of Toronto, were drowned in the lake at St. John's, Newfoundland, Saturday.

They were out in a canoe which capsized. The boat took refuge in the cold water and only just got out, making an attempt to rescue them.

RETRAIL TO GRANT NEW TRIAL.

Washington, D.C., May 27.—The Supreme Court of the United States today declined to grant a new trial to Mrs. Ethel Mae Jordan, who was convicted of having murdered her wife Mrs. Weston. Her defense attorney, Mr. Clegg, claimed that she was denied a constitutional trial because one of the jurors in the case was found to have been biased 21 hours after the verdict was handed in.

WINNIPEG, May 27.—The city is asking the street railway company to stop their cars on the near side of the tracks in the future, owing to the large number of accidents which have happened recently.

To stop cars on near side of Street.

WINNIPEG, May 27.—The city is asking the street railway company to stop their cars on the near side of the tracks in the future, owing to the large number of accidents which have happened recently.

ALLAN LINER TUNISIAN AFTER EVENTFUL TRIP

Our Passengers Bound For Western Canada, Disc of Promotions—Late Sunday Devoted on a Russian and He Is Landau at Quarantine.

Chester, May 27.—The Allan liner Tunisian, after landing some

time of her steamer passengers, 1200, arrived in port at 1:30 a.m.

The Tunisian had an eventful passage, starting from Europe on Sunday morning, Sunday developed on a Russian immigrant.

On the return of the passengers and the arrival of the ship.

Green died of pneumonia and was buried at sea.

He was buried for the west, leaves a widow and all children. Just before the Tunisian left.

The young men who were on their way to John H. M. Cornwall, and the arrival of the ship.

The Tunisian had on board 7000

steerage passengers and the balance of the crew.

The steamer had on board 800

officers and crew.

THOMAS HARDY ON FAITH AND THE TITANIC

London, May 27.—Thomas Hardy contributes to the June number of the Fortnightly Review the following poem of eleven stanzas:

The Loss of the Titanic

1. In a solace fit, the sea

had landed some of her first and second cabin passengers and the balance of the crew.

2. And the pride of life that planned her still crushes her.

3. Steel chambers, late the pores

of her malamanous fires.

4. Grief and a long hard turn to rhythmic tidal waves.

5. Over the horrors meant to glaze the eyes.

6. To grieve the heart.

7. And the pride of life that planned her still crushes her.

8. And the pride of life that planned her still crushes her.

9. Steel chambers, late the pores

of her malamanous fires.

10. Grief and a long hard turn to rhythmic tidal waves.

11. Over the horrors meant to glaze the eyes.

12. And the pride of life that planned her still crushes her.

13. Steel chambers, late the pores

of her malamanous fires.

14. Grief and a long hard turn to rhythmic tidal waves.

15. Over the horrors meant to glaze the eyes.

16. And the pride of life that planned her still crushes her.

17. Steel chambers, late the pores

of her malamanous fires.

18. Grief and a long hard turn to rhythmic tidal waves.

19. Over the horrors meant to glaze the eyes.

20. And the pride of life that planned her still crushes her.

21. Steel chambers, late the pores

of her malamanous fires.

22. Grief and a long hard turn to rhythmic tidal waves.

23. Over the horrors meant to glaze the eyes.

24. And the pride of life that planned her still crushes her.

25. Steel chambers, late the pores

of her malamanous fires.

26. Grief and a long hard turn to rhythmic tidal waves.

27. Over the horrors meant to glaze the eyes.

28. And the pride of life that planned her still crushes her.

29. Steel chambers, late the pores

of her malamanous fires.

30. Grief and a long hard turn to rhythmic tidal waves.

31. Over the horrors meant to glaze the eyes.

32. And the pride of life that planned her still crushes her.

33. Steel chambers, late the pores

of her malamanous fires.

34. Grief and a long hard turn to rhythmic tidal waves.

35. Over the horrors meant to glaze the eyes.

36. And the pride of life that planned her still crushes her.

37. Steel chambers, late the pores

of her malamanous fires.

38. Grief and a long hard turn to rhythmic tidal waves.

39. Over the horrors meant to glaze the eyes.

40. And the pride of life that planned her still crushes her.

41. Steel chambers, late the pores

of her malamanous fires.

42. Grief and a long hard turn to rhythmic tidal waves.

43. Over the horrors meant to glaze the eyes.

44. And the pride of life that planned her still crushes her.

45. Steel chambers, late the pores

of her malamanous fires.

46. Grief and a long hard turn to rhythmic tidal waves.

47. Over the horrors meant to glaze the eyes.

48. And the pride of life that planned her still crushes her.

49. Steel chambers, late the pores

of her malamanous fires.

50. Grief and a long hard turn to rhythmic tidal waves.

51. Over the horrors meant to glaze the eyes.

52. And the pride of life that planned her still crushes her.

53. Steel chambers, late the pores

of her malamanous fires.

54. Grief and a long hard turn to rhythmic tidal waves.

55. Over the horrors meant to glaze the eyes.

56. And the pride of life that planned her still crushes her.

57. Steel chambers, late the pores

of her malamanous fires.

58. Grief and a long hard turn to rhythmic tidal waves.

59. Over the horrors meant to glaze the eyes.

60. And the pride of life that planned her still crushes her.

61. Steel chambers, late the pores

of her malamanous fires.

62. Grief and a long hard turn to rhythmic tidal waves.
